

# Simply inspirational and slimline - EASYGATE SG™ Turnstiles.

Controlling people access to create a safer environment.

Turnstile Solutions  
from the very best

## The EASYGATE SG™ slimline turnstile... improved access security with a minimal space requirement.

**The innovative slimline features of the new EASYGATE SG™ Turnstiles take 'people control' to a new dimension with enhanced security features that seamlessly integrate with all access control systems to deliver improved security to all office environments.**

EASYGATE SG™ is unique, designed for use in interior and exterior locations and in high humidity locations.

EASYGATE SG™ with a choice of Wood, Corian, Marble and Glass top lids are ideally suited for a wide range of interior designs and applications including banks and DATA institutions, commercial offices, public buildings, sport and leisure centres.

EASYGATE SG™ is created with one thing in mind, simplicity. Retractable glass panels effortlessly swing beside stainless steel bodies... designed to allow a passage width of 550mm to 1200mm to deliver a fast throughput of authorised people (a minimum of 30 per minute) the EASYGATE SG™ is versatile too.

EASYGATE SG™ 1000 - 1000mm in length ideal for areas where space is at a premium

EASYGATE SG™ 1600 - 1600mm in length for improved 'people flow' and enhanced security control

EASYGATE SG™ 2000 - 2000mm in length for improved 'people flow' with maximum security control

All EASYGATE™ turnstiles are operated by a fail safe motor with battery back up in case of power cuts.

**EASYGATE SG™ ...Turnstile security at its very best.**
