

**One at a time.
Controlling people to create
a safer environment.**

**Turnstile Solutions
from the very best**

When it comes to turnstiles whatever the need, from building sites to prestigious corporate buildings, look no further than Meesons to provide the answer.

As the UK's exclusive supplier for Cominfo's quality turnstiles we offer an unparalleled product range to suit all applications and with the support and advice you would expect from the UK's leading provider of physical security solutions.

Turnstile solutions from the very best? - Why, Meesons of course.

Waist height Bar Turnstiles

The cost effective option delivering quality with style.

- Modern design ideally suited for a wide range of applications and environments
- Quality engineered components ensure safe and effective operation
- Simple to set electronic control mechanisms.
- Designed to be part of an integral security system if required
- By adding the ANTI-PANIC function the improper use of fire exits can be avoided

Easygate

The premier turnstile solution, created to make a lasting impression.

- Designed with the user in mind – simple to operate
- Quality engineered components to take the hardest of knocks
- Single or duo design with walkway width and wing height options
- Wide range of material finishes and colour shades to suit all interior applications
- Designed to be part of an integral security system if required

Waist height Round Turnstiles

Built with quality in mind - the perfect solution for any business environment.

- Elegant and sophisticated design, delivers optimal performance and user comfort
- Manufactured from quality material and components.
- Requires minimal maintenance yet delivers long term security benefits
- Easy to integrate into a wide variety of building environments
- Wide variety of finishes and coloured glass to suit all office surroundings

Pegas Gates

Attractive and sophisticated – designed for access control systems and turnstiles.

- Designed to accompany Easy Gate, Bar and Round Turnstiles
- Ideal as part of an existing or new access control system

- Quality manufacture ensures trouble free use
- Designed to suit all office applications and environments

Rexon Turnstiles

Controlling people movement all day every day.

- Robust, full height security turnstiles
- Simple mechanisms to ensure trouble free operation
- A wide variety of applications where unmanned security is required
- Built to withstand the harshest weather conditions - Ideal for outdoor use
- Wide range of colour options

It's not only about Turnstiles with Meesons - we have the security solution to meet your needs from the very latest BioVisual body mass control systems to single and multi door access controls and door locking devices.

Meesons will always be about delivering quality. Quality without compromise.
