

Meesons CPD Courses

Meesons understand the need to grow and develop your knowledge and skills so we have created our very own CPD courses especially for you.

The Meesons CPD courses have been designed to fit into your work schedule and requirements so no matter how little time you have you can still benefit by attending one of our courses.

From our Pack Lunch and Power Hour courses, which fit into your lunch break to our full day Perfection course there is an option for you and as an added bonus we can provide lunch!

The seminars on the subject of Entrance Control and Employee Protection - Preventing Tailgating for a safer work environments and are fully accredited by CPD UK and so count towards your annual CPD requirement.

MEESONS
SAFE SECURE ACCESS

Anti-Tailgating | Counters & Screens | Automatic Doors | Access Control

Courses Available

Meesons CPD Pack Lunch

This **30 minute CPD session** can be delivered at your premises and will give you a brief overview of Entrance Control and Employee Protection - Preventing tailgating for a safer work environment. The session will uncover what tailgating is and how you can prevent it by use of anti-tailgating solutions.

Meesons CPD Power Hour

This **60 minute CPD session** can be delivered at your premises and will give you a more in depth view of Entrance Control and Employee Protection - Preventing tailgating for a safer work environment. We will uncover what tailgating is as well as delve into how you can identify the behaviour which leads to tailgating. We will then discuss how you can prevent tailgating by use of anti-tailgating solutions and the benefits of each solution.

Meesons CPD Perfection

Meesons CPD Perfection course runs over a full day, **10am - 4pm at Meesons Headquarters** in Skipton. This seminar will give an insightful look in to Entrance Control and Employee Protection - Preventing tailgating for a safer work environment. You will discover what tailgating is, delve into how you can identify the behaviour which leads to tailgating, discuss how you can prevent tailgating by the use of anti-tailgating solutions and the benefits of each solution. **You will also be given the opportunity to see some of the physical solutions in action and try them out for yourself.**
